RATIONALE

At Worthgate School we believe that student and staff involvement in residential and non-residential trips and visits adds significant value to School life and enhances our core values and ethos. First-hand experience adds breadth and depth to the Curriculum and enhances social, moral, spiritual and cultural development.

Our purpose is to:

- Provide a broad program of safe trips and visits.
- Ensure access for all students making reasonable adjustments where necessary.
- Develop continuity and progression throughout a student's time here.
- Enable students to learn a sense of community, social responsibility, initiative, resourcefulness and self-reliance.

STEPS TO ORGANISE A TRIP

Time scales

The organiser must allow sufficient time when planning visits to allow the Health & Safety Manager time to undertake any checks that may be required. The relevant timescales to submit requests for approval are:

- Half-day (or shorter) visits within the local area provided there is no physical/adventure element or the visit would not be deemed controversial: 3 working days' notice.
- Day visits (non-residential) provided there is no physical/adventure element, or the visit could be deemed controversial: 10 working days' notice.
- All other visits, except overseas: 20 working days' notice.
- Overseas and adventure holidays: minimum 4 months' notice.

For residential trips and those trips deemed controversial, it is advisable if a draft risk assessment is seen by the EVC before the names of students are finalised; this should assume that students of both genders are attending and indicate the staff: student ratios which will be applied, either with a cap on maximum student numbers, or an indication of how many staff it is planned to take for different levels of student interest. This will enable a good idea of the staffing requirements of the trip to be determined.

If these notice periods are not observed, permission may not be granted for the visit to proceed.

Please note, during 2023-2024 the School is transferring to E-visit, an online trips management software. Training will be provided for those supervising. This process will then supersede the previous, paper-based system.

Proposal

The organiser must be clearly identified from the outset and must complete a proposal form (Appendix 1: Application for Approval of Educational Visit) outlining the purpose, organisational

and supervision arrangements. This must be passed to the Principal or Vice Principal for outline approval.

Parental Consent

At the time of granting approval it will be determined by the Principal/Vice Principal whether the visit is already covered by the standard CATS SCHOOLS Terms & Conditions and the consent letter sent to all new students' parents, which grant 'blanket' consent for students under 18 to participate in specific types of visit.

These are:

- Day trips away from Canterbury (such as to a museum in London).
- Trips to theme parks.
- Trips to zoos.
- Trips to watch sports fixtures.
- Taking part in sports fixtures.

That is assuming they are:

- Non-residential (not overnight).
- Within the UK.
- Without physical/adventure element.
- Not of a controversial nature.

For all other types of visit, the organiser must obtain written consent from the parents/guardians of all students under 18.

RISK ASSESSMENT

A risk assessment must be completed for all visits and the activity must be fully costed. It may be possible to use a generic risk assessment (or modify a previous, specific one). Please use Appendix 2: Risk Assessment Form.

The risk assessment must include clear contingency plans to cover potential problems (e.g. emergencies; adverse weather; cancellations; etc.) as well as arrangements for student 'down time' during the visit.

The Risk Assessment Form and evidence of parental consent must be passed to the EVC for approval. The organiser should comply with any reasonable requests by the EVC to improve the content of the risk assessment (e.g. to provide more detail). If necessary, any dispute may be referred to the Vice Principal or Principal.

PRACTICALITIES

When planning the trip or visit the group leader is responsible for ensuring that they in possession of and take into consideration all of the relevant information about the pupils joining the trip or visit, this should include:

- Number, age and gender.
- Relevant medical conditions.
- Physical disabilities.
- Specific learning difficulties and/or special educational needs.

All members of staff involved with the trip, or the visit must familiarise themselves with the DfE guide to 'Health and Safety of Pupils on Educational Visits'.

For residential and specialist trips, including those that involve physical and adventurous training activities, the group leader must also refer to local authority advice for trips. This is available at www.lotc.org.uk

Group leaders must ensure they have requested up-to-date medical information on each student who is planning to take part in the visit and should consult in advance with The Medical Team allowing enough time for him/her to respond to discuss any procedures appropriate to the needs of the students. All students, including students needing ALS and disabled students, must be considered.

Group leaders are reminded to order 'packed lunches' from the kitchen via SysAid in advance (with any dietary requirements). At least 3 working days' notice is required to ensure supplies are in stock.

Whilst on the trip there are many procedures staff and students can follow to ensure they remain safe:

- Ensure that students and staff are regularly briefed and reminded of timings and meeting points.
- Spreading staff out. How you do this depends on your staff: student ratio. You can have one at the front and the other at the back of the group, OR split students into smaller groups and assign a member of staff to each group.
- Head counting. One can never have too many head counts; ensure that you do this at regular intervals, especially when getting on and off transport.
- During free time ensure that a designated meeting point is assigned, with a set time to meet. The area should be supervised at all times.
- The group leader shall have obtained a School mobile from IT.

WELFARE GUIDELINES

Supervision

At least one of the staff supervising the visit should be with the students at all times, or at least within the immediate vicinity. Students who are under 16 must be monitored more closely and will be subject to appropriate contact points and curfews. The students must, at all times, know the whereabouts of at least one of the staff supervising the visit in case of emergency. (It is understood that for Duke of Edinburgh Award expeditions students will be walking between check points on planned routes).

If there are students of both sexes on the trip, the staff supervising the visit should be at least one of each sex.

When possible, at least one of the staff supervising the visit should be trained in first aid.

The national guidance states that the level of supervision should take account of:

- The age and ability of the young people;
- The activity being undertaken;
- Children's growing independence;
- Children's need for privacy;
- The location of the activity;
- The risk assessment.

The Group Leader's pre-activity planning should ensure that, should there be an accident or an incident involving a young person or member of staff, there will be enough qualified people remaining to supervise the group safely.

ACCOMMODATION/TRAVEL

Males and females must be in separate sleeping quarters, and students must not share rooms with adults. Best practice would be for students to travel and room with Worthgate School students only. Students of similar ages should be roomed together and under 18 students should not room with over 18 students. Any other arrangements should be identified prior to departure and approved by parents/guardians and noted on the risk assessment.

PAYMENT

If a visit is classed as compulsory, the School must bear the full cost and organisers must gain prior permission from the budget holder (usually the Head of Department, or Course Leader) before making a booking.

Most visits will be classed as voluntary (irrespective of the educational value of the trip) and are expected to be funded wholly by students.

Non-refundable deposits should be paid to secure a student's place. If a visit is classed as voluntary, the entire costs must be paid for prior to the start of the visit. Any student who has not paid for his/her place on the visit prior to the start will not be allowed to attend it. The Finance Office will issue receipts to each student on payment of the visit fees. Visit organisers should ask for these receipts as proof of payment before allowing a student to attend.

BEFORE THE VISIT

If the visit will affect students' attendance at lessons the group leader should notify colleagues and the attendance team of the intended visit, using appropriate internal communication channels, informing them of the date and time of the proposed visit, and indicating which students will be attending.

A copy of all information about the visit must be forwarded to the EVC in advance of the visit. Itinerary, emergency contact numbers and lists of names of students and staff should be copied to Student Communications, the Attendance team, and the Boarding team (if relevant) by the group leader at least three working days before the visit departs.

STUDENTS' CODE OF CONDUCT

Staff supervising visits should ensure that students have read and understood the Code of Conduct for trips and should reinforce these rules before the trip and as appropriate. Parents/guardians have signed a contract upon the student joining the School, which includes their adherence to School rules.

ON THE DAY OF THE VISIT/LEAVING DAY

Pre-departure checks

- The group leader shall have obtained a School mobile from the Activities Team.
- The group leader shall collect a first aid kit from The Medical Team.
- The group leader will collect any prescription drugs from The Medical Team.
- The group leader will formally check to make sure that those students that manage their own medication have their medication with them.
- The group leader will collect any packed lunches that may have been ordered in advance.
- The group leader shall double-check contact numbers.

The group leader will brief other members of staff joining the trip on students that have:

- Allergies, in particular those with allergies that may require the administration of an EPIPEN.
- Medical conditions.
- Students who require ALS, need to be considered given the nature of the trip.

The group leader shall have briefed students and staff explaining:

- Planned itinerary for the visit.
- Behaviour and conduct standards.
- Health and safety routines.

Pre-departure Routine

On the day of the visit, an attendance register must be taken of all students boarding the transport or leaving School premises, in order to ascertain exactly the location of every student. This register must be passed to the Attendance Team before the transport departs.

The group leader must also pass on the list of students who have failed to attend to the Attendance Team.

RESPONSIBILITIES AND ACTIONS WHILST ON THE VISIT

All members of staff on a trip have an ethical duty of care as well as a legal responsibility under the Children's Act for the safety and well-being of the students in the group at all times. Do not take your responsibility lightly and remember you are on duty 24 hours a day.

Staff supervising visits accept the full duty of care for students including maintaining staff: student ratios and gender representation and special requirements as given in the risk assessment.

The staff supervising the visit should maintain complete abstinence from alcohol at a given time in case of emergency.

Ultimate responsibility for the safety of students and staff on a School trip or visit resides with the Principal.

Staff supervising visits must ensure that they are fully aware of the contents of the:

- School Safeguarding and Child Protection Policy.
- Use of Reasonable Force Policy.

Please note that the Search and Confiscation Policy is not applicable outside the UK. If a member of staff is faced with a situation on a trip outside the UK where they may need to determine if items are in a student's possession, they may ask the student to hand over items, but cannot institute a search. They should inform the Principal or Vice Principal of their suspicions and it may be possible to take matters further upon return to the UK.

DISCIPLINE

Disciplinary measures may at times be necessary whilst on a trip, and such procedures must be conducted with objectivity and diplomacy. Firm guidelines for behaviour, curfews, rendezvous times, etc. must be laid down clearly to the students, so that they know what is expected of them at all times. At least two of the staff supervising the visit must be present when addressing any disciplinary matters.

Be aware at all times of possible tensions within the group ensuring that bullying and discrimination are not tolerated.

'LOST' STUDENT PROCEDURE

It is important that if students are not in sight of a member of staff that they know the meeting point where a member of staff will be. In the event of a student going missing, staff should follow these 8 steps (It is also important, where possible, to document events as they happen, particularly the times of incidents):

- Stop as soon as you realise the student is missing. Keep the rest of the group together in a safe environment.
- Take a register, to identify which student is missing.
- Call the student's mobile. If they answer, ask them to describe where they are and tell them to stay there. Keep on the phone until you reach them.
- If they do not answer, ask other students when they last saw them.
- Ask other students to call them.
- If no contact has been made after 15 minutes, contact the School emergency phone and inform them of the incident.
- A member of staff should go back and look for them; however, a member of staff must stay with the remaining students. If possible, allow them to carry on with the program.
- Also ask for help from venue staff.
- If the student is under 16 you must contact the Police after the student has been missing for more than 30 minutes. Please provide as much information about the student as possible: name, age, description, language ability and details of the scheduled itinerary.
- Make sure that you keep in contact with other members of staff, the School and the Police.
- If the rest of the group must go back to the School, ensure you stay at the agreed meeting point until you are instructed otherwise.
- Once the student has been found, ensure that they are well (physically and emotionally) and then contact the School on the emergency phone number to inform them the situation has been resolved.

MONITORING AND EVALUATION

- After the visit, the group leader must complete an evaluation form and return it to the EVC. Please use Appendix 5 – Visit Evaluation Form.
- The EVC will monitor all trips and visits and provide evaluations for the Senior Leadership Team and CATS Global Schools Head Office as required.

PRIVATE, SELF-FUNDED OFF-SITE ACTIVITIES

Defined as a student or group of students wishing to take part in supervised, private activities. These may be regular or one-off. May include coached activities such as equestrian, rugby and combative sports.

Procedure for ALL students:

- Student to notify the Activities & Events Manager by email.
- Student to ensure parental consent is provided to the Activities & Events Manager by email.
- Activities & Events Manager to establish confirmation via email that venue or provider has both public liability insurance (£5M+) and DBS checked staff.
- Activities & Events Manager to research provider to establish reasonable assurance of safety.
- Student to follow Boarding 'sign out' procedure from 4pm. If leaving before 4pm, sign out through Student Communications.
- Where activity finishes after 5pm, under 16s must use Worthgate School recommended taxi to be booked 24 hours in advance through Student Communications Team.
- Curfew and private study times must be observed by participant, unless absence permission is granted by the Assistant Principal Pastoral and recorded in the MIS system.

The Worthgate School is not responsible for paying any private activity or transport fees.
