- Ensure that the planning and management of exams are conducted efficiently and in the best interest of candidates
- Ensure the operation of an efficient exam system with clear guidelines for all relevant members of staff

It is the responsibility of everyone involved in the centre's exam processes to read, understand and implement this policy.

This exam policy will be reviewed every year by the Vice-Principal, Assistant Principal Academic and Exams Officer. All correspondence relating to this policy document should be sent in the first instance, to the Exams Officer.

This document reflects on instructions for conducting examinations in accordance with the Joint Council for Qualifications (JCQ) and the International Baccalaureate Organisation (IBO). The instructions are for use in all internal and external examinations. The instructions are additional to any guidelines or regulations the awarding bodies have issued in their booklets or specifications. Should there be any conflict between guidelines, the JCQ regulations shall prevail.

If there are any changes to the specification followed, from the previous year, the Exams Officer must be informed by HPDs/CDs, during the first week of the new academic year.

Decisions on whether a candidate should not take an individual subject exam will be taken in consultation with the candidate, parents, HPDs/CDs, Assistant Principal Academic and the Vice Principal.

Exam Seasons and timetables

Internal exams & assessments (including mock exams) are scheduled as announced in the annual academic calendar for the school.

External exams are scheduled for May/June.

Timetables

Once confirmed, the Exams Officer will circulate exam timetables for all internal and external exams. These will be sent out by email directly to students and will be available via several communication channels, including Canvas.

Entries, Late Entries, Amendments and Examination Fees

Entries

The Exams Officer will send a download of class lists to HPDs/CDs to request entries for each exam subject. Candidates are selected for their exam entries by teaching staff through the HPDs/CDs. The returned list of exam entries must clearly indicate which students are to be entered for each paper and the overall qualification. The Exams Officer will not make changes to entries unless instructed to do so in writing by the appropriate person.

Candidates and/or parents can request a subject entry, change of level or withdrawal. Such requests should be submitted in writing to the Exams Officer.

Late Entries

Entry deadlines are circulated to HPDs/CDs and Teaching staff via email and school academic calendar.

Late entries must be authorised by the Vice Principal or the Principal

Exam Fees (including late, amendment and withdrawal fees)

Candidates pay for all normal exam fees.

All late entry and amendment fees are paid by the Department, unless a candidate/parent has requested the change, in which case the candidate will pay.

The Disability Discrimination Act (DDA), Equalities Act, Special Needs and Access Arrangements

DDA

The Disability Discrimination Act 2005 and the Equalities Act, extends the application of the DDA to general qualifications. All exam centre staff must ensure that the access arrangements and special consideration regulations and guidance are consistent with the law.

Special Educational Needs

A candidate's special needs requirements are determined by the ALS Coordinator. The ALS Coordinator will inform subject teachers of those candidates who are embarking on a course leading to a public examination and who have special educational needs. The ALS Coordinator will then inform individual staff of any special arrangements that individual candidates can be granted during the course and in the exam.

Access Arrangements

Candidates, who may require access arrangements, are identified during the admissions process. Making special arrangements for candidates to take exams is the responsibility of the ALS Coordinator through the initial screening tests and subsequent testing. Submitting completed access arrangement applications to the awarding bodies by the specified Awarding Organisation deadlines and notifying the Exams Officer, is the responsibility of the ALS Coordinator. The Exams Officer is responsible for ensuring that access arrangements are applied to each exam taken by these candidates.

Rooming for access arrangement candidates will be organised by the Exams Officer in liaison with the ALS Coordinator. Those using laptops will be strategically placed as to not disturb others with the sound of typing. The ALS Coordinator should inform the Exams Officer of any candidates which require a separate room as standard.

Invigilation and support for access arrangement candidates will be organised by the Exams Officer in liaison with the ALS Coordinator.

Coursework, Controlled assessments and Non-Exam Assessments (NEA), Internal Assessments & Endorsements

Coursework/NEA/Controlled Assessments

- Candidates, who have to prepare coursework, will do so by the date stipulated by the JCQ/Awarding Organisation(s)
- HPDs/CDs must ensure that all coursework and relevant paperwork is completed and returned to the Exams Officer by the required date

- For more information, please refer to the Exams Controlled Assessment Policy and the Exams Non-Examination Assessment Policy.

Internal Assessments and Endorsements

- Marks for all internally assessed coursework, are forwarded to the Exams Officer by the HPDs/CDs and will be recorded in a coursework mark log.

Internally assessed marks will be released to students, before the results are submitted to the Awarding Organisation, in line with guidance set-out in the Exams Internal Appeals Policy. Appeals can be logged using the Internal Appeals Form, found in the Exams Internal Appeals Form.

Examination Centre Organisation

Examination or other assessment processes are an important part of all courses, in that student success is dependent on them. Therefore, the school must ensure that all such processes are robust and secure.

Safe Custody of Question Papers and Other Examination Materials

Each question paper and examination material delivery must be checked carefully upon receipt and the Awarding Organisation(s) notified immediately, if there are any discrepancies or any other cause for concern such as:

- Discrepancies between the material received and the advice note
- The material received does not meet the agreed requirements
- The material has been damaged rendering it unfit for use
- There is evidence of a breach of security

Security

Reception staff are responsible for ensuring that the Exams Officer is notified as soon as a delivery from the Awarding Organisation(s) arrives and that the delivery is recorded on the Exams delivery log. The delivery must be held securely in Reception until the EO or another authorised member of staff can collect it. This must then be signed out and taken to the Exams Office for checking.

Examination papers must be locked away, ideally in lockable, fireproof, non-portable strong metal cabinets. Cabinets must be in a secure room with access restricted to key holders. Ideally, the room should be windowless. Where there are windows, arrangements must be made for them to be fitted with an effective security device (e.g., Metal bars). The door to the room should be of solid construction, have secure hinges and be fitted with a security lock. Only the following members of staff are authorised to have access to the Exam Store:

- Principal
- Vice Principal
- Assistant Principal Academic
- Examinations & Assessment Officer

No other employee or contractor is permitted in the store without direct supervision.

The Exams Officer must be informed immediately if the securities of the examination papers or confidential ancillary instructions are put at risk by fire, theft, loss, damage, unauthorised disclosure or any other circumstances.

The packets of examination papers and other examination material must not be opened more than 60 minutes before the time appointed for the examination concerned, except where otherwise instructed. Strict precautions must be taken to safeguard examination papers after they have been opened. In particular, they must not be removed from the school and when not in use, must be kept in a secure area.

Once a packet is opened, the examination papers must be transported securely if they are to be moved from one examination room to another.

Examination stationery will be provided by the Awarding Organisation(s). Such material must be stored securely at all times, so that no unauthorised person has access to them.

Timetable Start Times and Variations

All morning and afternoon exams will begin at 9.00am and 1.30pm respectively, apart from CIE, at which students must be under formal supervision at the key time for the relevant administrative zone. For timetable variations, please refer to the JCQ ICE booklet for guidance.

If candidates are permitted to take an examination in a different session from other candidates, all copies of the question paper used in the earlier session must be recovered, sealed in an envelope and returned to secure storage.

Use of Calculators

Students will be expected to provide their own calculators to examinations. The school does hold a small number of calculators available for loan in examinations. However, the school will not take responsibility in the case of calculator failure or if the back-up supply is depleted. See the 2023/2024 guidance on calculators below.

<p>Calculators must be:</p> <ul style="list-style-type: none"> ○ of a size suitable for use on the desk; ○ either battery or solar powered; ○ free of lids, cases and covers which have printed instructions or formulas. 	<p>Calculators must not:</p> <ul style="list-style-type: none"> • be designed or adapted to offer any of these facilities: - <ul style="list-style-type: none"> ○ language translators; ○ symbolic algebra manipulation; ○ symbolic differentiation or integration; ○ communication with other machines or the internet; • be borrowed from another candidate during an examination for any reason; • have retrievable information stored in them - this includes: <ul style="list-style-type: none"> ○ databanks; ○ dictionaries; ○ mathematical formulas; ○ text.
<p>The candidate is responsible for the following:</p> <ul style="list-style-type: none"> ○ the calculator's power supply; ○ the calculator's working condition; ○ clearing anything stored in the calculator. 	

JCQ further guidance on the use of calculators and digital devices:

A calculator is defined as an electronic device whose primary purpose is to carry out mathematical calculations.

This is the published guidance on calculators unless specifically varied by an awarding body in a qualification specification.

The instructions on the question paper will say whether calculators are allowed or not. If the instructions do not include such a statement, calculators should be treated as standard equipment and may be used by candidates.

Where the use of a calculator is allowed, candidates are responsible for making sure that their calculators meet the awarding bodies' regulations.

Candidates must be told these regulations beforehand and be familiar with the Information for candidates' documents.

During an examination a calculator must not be able to offer any of these facilities:

- a) language translators
- b) symbolic algebra manipulation
- c) symbolic differentiation or integration
- d) communication with other machines or the internet

During an examination a calculator must not give access to pre-stored information. This includes:

- a) databanks;
- b) dictionaries;
- c) mathematical formulae;
- d) text.

A calculator must not be borrowed from another candidate during an examination.

Some calculators have an 'exam mode'. This is acceptable in examinations where the exam mode is activated, and the exam mode results in the calculator becoming compliant with the above requirements.

An invigilator may give a candidate a replacement calculator.

Where access is permitted to a calculator for part of an examination, it is acceptable for candidates to place their calculators on the floor under their desks in sight of the invigilator(s) for the non-calculator portion of the examination.

A series of FAQs on the use of calculators in examinations may be found at:

<https://www.jcq.org.uk/exams-office/ice---instructions-for-conducting-examinations>

Resources for Examinations

Resources other than calculators may be permitted for some papers, as stipulated in the exam paper notes. These may include dictionaries and editions of set texts. Candidates should be informed in advance that they are responsible for bringing with them any materials stipulated as required for the examination. Possession of unauthorised material in an examination, whether for intended use or not, constitutes an infringement which will be subject to penalty and possible disqualification.

In the examination room candidates must not have access to items other than those stated in the instructions on the question paper, the stationery list or the specification for that subject.

Candidates must not be in possession of the following items or similar (this list is not exhaustive):

- AirPods
- earphones/earbuds
- iPods
- mobile phones
- MP3/4 players or similar devices
- wrist watches of any kind

This means that:

- ideally, all unauthorised items are left outside of the examination room
- any pencil cases taken into the examination room must be see-through
- any unauthorised items that have been taken into the examination room must be placed out of reach of the candidates (and not under their desks) before the examination starts

This will normally be at the front of the examination room or a similar arrangement that enables the invigilator to control access to the items.

Following the invigilator's announcement, any mobile phones or other unauthorised items in the candidates' possession must be handed to the invigilator prior to the examination starting.

If candidates have access to unauthorised items in the examination room this may be considered as malpractice.

They could be subject to penalties in accordance with the JCQ document Suspected Malpractice: Policies and Procedures, 1 September 2023 to 31 August 2024: <http://www.jcq.org.uk/exams-office/malpractice>.

Any internet-enabled device is barred from the Exam Room. These must be left in a designated area, but the school will not accept responsibility for items left and are damaged or lost consequently.

Examination Locations

All candidates must sit the examination in the location as detailed on their personal timetable / statement of entry.

The location standards for examinations are as follows:

- The Operations Manager is responsible for the ensuring all allocated exams rooms are set up as per the Exams Office request in accordance with JCQ regulations.
- Due attention must be paid to such matters as heating, lighting, ventilation and the level of extraneous noise
- No display material, which might be helpful to candidates, must be visible in the examination
- Reliable clocks must be visible to each candidate in the examination room
- A board showing the centre number, examination paper title and code and the starting and finishing times of each examination be visible to all candidates
- The seating arrangements must be such as to allow all candidates to face the same direction and prevent candidates from overlooking, intentionally or otherwise, the work of others. The minimum permissible distance between desks (centre-to-centre) is 1.25 m
- Each candidate should have a separate desk or table, of sufficient size to accommodate question papers, maps and answer booklets
- Candidates will be seated in candidate number order

The standards also apply to Additional Learning Support candidates who may be located differently.

Invigilation Arrangements

The recruitment of Invigilators is the responsibility of the Exams Officer and HR. The necessary Disclosure and Barring Service (DBS) clearance for new invigilators is the responsibility of the HR. DBS fees will be paid by the School.

The Exams Officer, through the Head of Centre, must ensure that invigilation is carried out by suitably qualified and experienced adults. Whilst the Head of Centre has discretion to decide who is suitably qualified and experienced, any relative of a candidate in the examination room is specifically not eligible to serve as an invigilator.

Relevant invigilator training sessions and briefings will be given annually by the Exams Officer.

The invigilator is the person in the examination room responsible for the conduct of a particular examination session in the presence of the candidates. Invigilators must give their whole attention to the proper conduct of the examination. Invigilators are not to perform any additional task in the examination room, talk to each other except in relation to the examination in progress.

Sufficient invigilators must be appointed to ensure that the examination is conducted in accordance with the following requirements:

- At least one invigilator must be present for every 30 candidates or part thereof
- Invigilators may be changed, provided that the number present does not fall below the number prescribed
- When only one invigilator is present, he/she must be able to summon assistance easily, without leaving the examination room and without disturbing the candidates
- Arrangements must be such that each candidate in the examination room can be observed by an invigilator at all times
- Invigilators must be familiar with the JCQ Regulations, which govern guidelines for examinations

If the number of candidates is over 30 in a given location, an experienced invigilator should be assigned the role of Lead Invigilator. Lead Invigilators should:

- Make their presence and identity known to other invigilators upon arrival in the examination location or staff room
- Be on duty throughout the examination
- Co-ordinate the start and finish of the examination in accordance with agreed protocols
- Take responsibility for resolving any problems, which may arise during the examination

Examination rules cannot be exhaustive and cover every eventually. If a situation arises, which is not covered by the rules, or if for any reason the rules cannot be wholly applied, invigilators must use their discretion, with guidance from the Exams Officer if necessary, within the principle that whatever decision is taken, the candidates are not disadvantaged. Any such irregular decisions should be noted in the exam room incident logbook.

Invigilators must be in the examination location at least 30 minutes before the start of each examination period, to ensure that all requisite administrative functions have been undertaken; for example, that all necessary stationery, etc. is available and distributed to candidates' desks before candidates are admitted to the examination room.

Invigilators must exercise constant vigilance; they should, from time-to-time, move about the examination room at random, bearing in mind the importance of causing minimum disturbance to students. They should occasionally inspect matter on candidates' desks.

Invigilators must ensure that all examination scripts and unused books are collected at the end of the examination. Completed scripts must not be left unattended in the examination room after the examination has ended.

Conduct during Examinations

All examinations must be carried out in accordance with JCQ Regulations.

General

Invigilation is an essential task to ensure the proper conduct of examinations. As such:

- Exam papers must not be read by tutors or removed from the exam room. Exam question papers may be collected from the Exams Office by HPDs/CDs, 24 hours after the exam has taken place in accordance with JCQ regulations.
- Candidates must observe all instructions given by an invigilator
- A candidate who wishes to attract the attention of an invigilator shall remain seated and raise a hand
- If the Lead Invigilator is in doubt about the identity of a candidate during the exam, the Exams Officer should be informed immediately. The candidate should be allowed to take the paper and held at the end of the exam to meet with the Exams Officer or a member of the teaching staff, who will verify their identity
- Any candidate alleged to have committed an offence under these regulations, could be subject to disciplinary/administrative procedures
-

Identification of Candidates

The invigilators must be satisfied as to the identity of every candidate attending each examination session. Students should bring their Student Identification Card with them to all examinations as proof of Identity. Please refer to the Exams Verifying Candidates Policy for further guidance.

Entering and Leaving Examination Rooms

Invigilators must ensure that the following rules are adhered to:

- Candidates may be admitted to the examination room not more than 15 minutes before the start of the examination, except in approved cases where extra time has been allowed for a candidate to start the paper earlier.
- Candidates who have arrived one hour or more after the exam start time will be allowed to sit the exam. However, the Exams Officer must be informed immediately by the Lead Invigilator. A very late entry form will be completed and sent to the Awarding Organisation. Whether the very late candidate is disqualified from the examination is decided by the Awarding Body.

- Candidates are expected to stay in the exam room until the full duration of the examination has passed, candidates cannot leave early. Candidates, who leave the examination room without the permission of an invigilator, will be deemed to have withdrawn from the examination and will not be permitted to re-enter the examination room. Students wishing to use the bathroom or who feel unwell must raise their hand to get the attention of an invigilator.
- All answer books (used and unused), are to be collected from candidates before they are permitted to leave the examination room

Examination Stationery and Materials

The invigilator must take all reasonable steps to ensure that:

- All work, including rough work, is done in the answer books provided. Additional sheets of paper, such as graph paper and drawings, must be clearly marked with the candidate's student number and fixed to the relevant answer book
- Pages may not be removed from an answer book, nor may an answer book be removed from the examination room
- Mathematical tables, charts and other relevant texts, which may be provided for candidates' use, are the property of the school and may not be removed from the examination room.
- Only permissible aids, such as calculators are used by the candidates. Guidance about what constitutes a permissible aid will be provided on the examination paper and/or by the examination invigilators. A candidate, who brings into the examination a calculator other than a type specified in the examination notes, commits an offence under the JCQ Regulations.

Unauthorised Materials

- Unauthorised materials and mobile phones, in particular, whether or not switched on or within reach constitute an infringement of the regulations.
- Invigilators may inspect any materials or items in the examination room, or in any candidates' possession, at any time during the examination.
- If unauthorised items are taken into the examination room, such items should be placed out of reach of the candidates before the examination commences.

Starting the Examination

An examination is deemed to be in progress from the time the candidates enter the room until all scripts have been collected. However, before candidates are permitted to start work, the invigilator must ensure that candidates are seated in accordance with the prescribed seating plan.

In addition, the Lead Invigilator must read to candidates, regulations relating to the conduct of the examination and the behaviour expected of candidates during the examination.

Attendance Register

In accordance with JCQ Regulations, the Lead Invigilator must complete the Attendance Register during the examination. If a candidate is not shown on the Attendance Register, he/she may be permitted to sit the examination, and their name added to the register.

If a candidate has been entered but is not present for the examination, he/she must be marked as 'Abs' on the Attendance Register. Lead Invigilators will be made aware of clash students who will be sitting the paper in a different session. The attendance register for each paper is only completed once all the sessions in which the paper has been planned have been completed, including those sessions in which students with clashes sit the paper.

Behaviour during Examinations

The following rules must be strictly enforced, to ensure that candidates are not unduly disturbed during an examination:

- Throughout the whole of the examination, silence must be maintained, except when requests for additional answer books, etc. are made. A candidate whose behaviour persistently disturbs other candidates may be excluded from the examination
- Candidates may not bring food into the examination room except under approved medical conditions. Water is permitted, but the water bottle must be clear (see-through), all labels must be removed, and the liquid inside must be clear
- A candidate may not communicate in any way with any person other than an invigilator during the examination
- During the examination, no candidate may retain any article, such as a school bag etc., which is not required for the purpose of the examination. Such articles should be preferably not taken into the examination room. If they are, they must be left in a part of the room, as directed by the senior invigilator, but remain the responsibility of the candidate
- Unless the examination instructions explicitly state otherwise, candidates are not permitted to bring into the examination room any written notes or other materials, which would be of value in answering examination question
- Any form of cheating in examinations is malpractice and will be treated as a serious offence by the school and reported to the relevant Awarding Organisation(s)

Malpractice

Wherever possible, the invigilator should remove and keep any unauthorised material that a candidate may have in the examination room.

The Examinations Officer, through the Head of Centre, must report all cases of suspected or actual malpractice. The Head of Centre has the authority to expel a candidate from the examination room, if malpractice may have been committed and in other circumstances if regarded as essential by the Head of Centre. This should only be done in exceptional circumstances or, if a candidate would disrupt other candidates by continuing to be in the examination room.

If candidates have committed malpractice, the awarding organisation may disqualify them or make them subject to other sanctions and penalties.

Emergencies

For guidance on dealing with emergencies in the exam room, please refer to the Exams Emergency Evacuation Policy.

Finishing Examinations

A five-minute warning to candidates before the end of the exam is permitted. However, this is at the centre's discretion. Where candidates have different finishing times the centre must consider the impact of giving a warning.

At the end of the examination, candidates should be told to:

- Stop writing. Allow candidates who arrived late and have been permitted the full working time to do their examination, to continue after the normal finishing time and inform them to stop writing after the extra time allowed has passed.
- Make sure that they have included necessary information on their scripts, including any loose sheets
- Make sure their answers are correctly numbered
- Fasten any loose answer sheets including supplementary answer sheets to the back of their answer booklet with a treasury tag. Paper clips or staples must not be used
- When all scripts have been collected, the Lead Invigilator should instruct the candidates to leave the hall collecting their belongings on the way out. Once collected, scripts should be placed in the order shown on the Attendance Register and checked to ensure that all scripts are present and that candidates have used their correct candidate numbers. After collation, the scripts should be handed to the Exams Officer for despatch to the Awarding Body

Administration, packing and Sending of Scripts

The Exams Officer is to ensure that:

- The correct envelopes provided by the appropriate awarding body are used
- The relevant attendance registers are sent with the scripts
- Envelopes are fastened securely
- Scripts are sent to the appropriate examiner without delay within one working day from the end of the examination
- Scripts are kept securely if kept overnight
- Packages are sent by Parcelforce, logging all parcels on the exam despatch record/ obtaining a certificate of posting for each package. This certificate should be kept until results are published
- All relevant seating plans, registers, exam details and any relevant notes are filed accordingly and retained until results have been received

Results, Certificates, Enquiries about Results (EARS) and Access to Scripts (ATS)

Results

- Individual student results will be disseminated on the Student Portal
- All individual candidate statement of results (electronic copy) received for the summer exams, will be despatched by email to students only upon request, unless the Exams Officer is requested to do otherwise. A parent, if authorised by the student, can receive the statement of results on behalf of the student. The school will not forward results to any other party

Certificates

- Candidates may request that they receive their examination via the postal service. Such requests must be made in writing (or via email) to the Examinations Officer. All certificates sent by Royal Mail Tracked service, either domestically or internationally is free of charge. If a student requires the certificates to be sent by courier, the charges are £55 for UK addresses and £75 for international addresses
- Certificates may not be collected on behalf of a candidate by a third party unless written permission is received by email from the personal address associated with the student's account
- Certificates may be withheld from students who owe fees

Enquiries about Results (EARs)

- EARs for general qualifications may be requested by the School or the candidate
- If reasonable grounds exist for such a request, the request will be approved by the Assistant Principal Academic and/or Vice Principal and the EAR will be made by the School
- When the School does not recognise that there are reasonable grounds a candidate may still apply to have an enquiry, however, the candidate will be charged independently for this application

(See the Exams Internal Appeals Policy for more details)

Access to Scripts (ATS)

- After the release of results, candidates may ask the HPDs/CDs to request the return of papers. Requests must be made in writing within 3 days
- If a result is queried, the Exams Officer in conjunction with the HPDs/CDs and Assistant Principal and/or Vice Principal, will investigate the feasibility of asking for a review of marking at the candidate's expense
- Centre staff may also request scripts for investigation or, for teaching purposes. For the latter, consent from the candidate must be obtained and the fee charged to the relevant department

Planning and Managing Controlled Assessments

- All regulations from JCQ must be followed and will be overseen by relevant staff and the examinations officer who will ensure risks are managed effectively and maintain examination integrity. Please see the Exams Controlled Assessments Policy further guidance

Child Protection & Safeguarding Inc. DBS clearance

CGS is committed to safeguarding and promoting the welfare of children and young people and expect everyone connected with the School/s to share this commitment. Please refer to the **Safeguarding Policy** which can be accessed on CANVAS > Staffroom.

2.0 – Contingency Plan

Purpose of the Plan

This plan examines potential risks and issues that could cause disruption to the exams process at Worthgate School. By outlining actions/procedures to be invoked in case of disruption it is intended to mitigate the impact these disruptions have on our exam process.

Alongside internal processes, this plan is informed by the Exam system contingency plan: England, Wales and Northern Ireland [Gov.UK - Ref: Ofqual/18/6334] which provides guidance in the publication what schools and schools and other centres should do if exams or other assessments are seriously disrupted.

This plan also confirms Worthgate School has in place a written examination contingency plan which covers all aspects of examination administration. This will allow members of the senior leadership team to act immediately in the event of an emergency or staff absence.

Further guidance to inform and implement contingency planning

Ofqual

What schools and schools and other centres should do if exams or other assessments are seriously disrupted

Contingency planning

You should prepare for possible disruption to exams and other assessments as part of your emergency planning and make sure your staff are aware of these plans.

Disruption to assessments or exams

In the absence of any instruction from the relevant awarding organisation, the school or school should assume that any exam or timetabled assessment should take place if it is possible for it to do so. This may mean having to locate alternative premises.

If the exam or assessment cannot take place, or if a student misses an exam or loses their assessment due to an emergency or other event outside the control of the school or school, you should discuss alternative arrangements with your awarding organisation.

The school or school should consider the following steps:

Exam planning

- Review your contingency plan well in advance of each exam series
- Ensure that copies of question papers are received and stored under secure conditions
- A process is in place for gathering evidence of candidates performance by retaining previous assessment scripts to inform Centre Assessed Grades if needed

In the event of disruption

- Contact the relevant awarding organisation and follow its instructions
- Take advice, or follow instructions, from relevant local or national agencies in deciding whether the school or school is able to open
- Identify whether the exam can be sat at an alternative venue, in agreement with the relevant awarding organisation
- Where accommodation is limited, prioritise students whose progression will be severely delayed if they do not take their exams when planned
- Communicate with parents, carers and students regarding any changes to the exam timetable
- Advise students, where appropriate, to sit exams in the next available series

After the exam

- Consider whether students may be eligible for special consideration
- Ensure that scripts are stored under secure conditions
- Return scripts to awarding organisations in line with their instructions. Never make alternative arrangements for the transportation of completed exam scripts, unless told to do so by the awarding organisation

The awarding organisation should take the following steps:

Exam planning

- Establish, maintain and at all times comply with an up to date written contingency plan
- Ensure that the arrangements that are in place with schools and schools enable them to deliver and award qualifications in accordance with its conditions of recognition

In the event of disruption

- Take all reasonable steps to mitigate any negative effect, in relation to its qualifications, arising from any disruption
- Provide effective guidance to any of its centres responsible for delivering qualifications on its behalf
- Ensure that where an assessment is required to be completed under specified conditions, students complete the assessment under those conditions (other than where any reasonable adjustments or special considerations require alternative conditions)
- Promptly notify the relevant regulators about any event which could have a negative effect on students, standards or public confidence

After the exam

Consider any requests for special consideration for affected students. For example, those who may have lost their internally assessed work or whose performance in assessments or exams could have been affected by the disruption.

When a student misses an exam or is disadvantaged by the disruption

If you feel that the performance of all or some of your students has been negatively affected by the disruption you should ask your awarding organisation about applying for special consideration. The decision about what special consideration is, or is not appropriate, is for awarding organisations to make. Their decisions might be different, for different qualifications and for different subjects.

However, we encourage awarding organisations to adopt a consistent approach, including between learners, schools or schools, and awarding organisations, when dealing with a few similar cases.

JCQ Contingency planning

The qualifications regulators, JCQ and government departments responsible for education have prepared and agreed information for schools and schools in the event of examinations being seriously disrupted. This jointly agreed information will ensure consistency of response in the event of major disruption to the examinations system affecting significant numbers of candidates.

In addition, awarding bodies have their own well-established contingency plans in place to respond to disruptions. It is important that Exams Officers who are facing disruption liaise directly with the relevant awarding body/bodies.

Centres should prepare plans for any disruption to examinations as part of their general emergency planning. It is important to ensure that relevant centre staff are familiar with the plan. Consideration should be given as to how these arrangements will be communicated to candidates, parents and staff should disruption to examinations occur.

In the event that the head of centre decides the centre cannot be opened for scheduled examinations, the relevant awarding body must be informed as soon as possible. Awarding bodies will be able to offer advice regarding the alternative arrangements for conducting examinations that may be available and the options for candidates who have not been able to take scheduled examinations.

3.0 – Emergency Evacuation Policy

Purpose of the Policy

This policy details how the centre deals with an emergency evacuation of the exam room(s) by defining staff roles and responsibilities and confirming the emergency evacuation procedure.

When is an emergency evacuation required?

An emergency evacuation is required where it is unsafe for candidates to remain in the exam room. This might include a fire in the exam room, the fire alarm sounding to warn of fire, bomb alert or other serious threat.

In exceptional situations, where candidates might be severely disadvantaged or distressed by remaining in the exam room, the emergency evacuation procedure may also need to be followed. This might include situations where there is severe disruption in the exam room, serious illness of a candidate or invigilator or similarly serious incidents.

Emergency evacuation of an Exam Room

Roles and responsibilities

Head of centre

- Ensures the emergency evacuation policy for exams is fit for purpose and complies with relevant health and safety regulation

Senior leader

- Where responsible for the centre-wide emergency evacuation procedure, ensures all staff and appointed fire marshals are aware of the policy and procedures to be followed when an emergency evacuation of an exam room is required

ALS Coordinator

- Ensures appropriate arrangements are in place for the emergency evacuation of a disabled candidate from an exam room where different procedures or assistance may need to be provided for the candidate
- Ensures the candidate is informed prior to taking their exams of what will happen in the event of an emergency evacuation

Exams Officer

- Ensures invigilators are trained in emergency evacuation procedures and how an incident and actions taken must be recorded
- Ensures candidates are briefed (Candidate exam handbook), prior to exams taking place, on what will happen in the event of an emergency in the exam room
- Provides invigilators with a copy of the emergency evacuation procedures for every exam room
- Provides a standard invigilator announcement for each exam which includes appropriate information for candidates regarding what will happen if the fire alarm sounds
- Provides an exam room incident log in each exam room
- Liaises with the ALS Coordinator and other relevant staff prior to each exam where different procedures or assistance may need to be provided for a disabled candidate
- Briefs invigilators prior to each exam where different procedures or assistance may need to be provided for a disabled candidate

- Ensures appropriate follow-up is undertaken after an emergency evacuation reporting the incident to the awarding body and the actions taken through the special consideration process

Invigilators

- By attending training, ensure they understand what to do in the event of an emergency in the exam room
- Follow the actions required in the emergency evacuation procedure issued to them for every exam room
- Confirm with the Exams Officer, where different procedures or assistance may need to be provided for a disabled candidate they are invigilating

Teaching staff

- Support the senior leader, ALS Coordinator, Exams Officer and invigilators in ensuring the safe emergency evacuation of exam rooms

Emergency Evacuation Procedure

Invigilators are trained in this procedure and understand the actions they must take in the event of a fire alarm or other emergency that leads to an evacuation of the exam room.

The Emergency evacuation procedure notice looks like this:

Worthgate School

Emergency evacuation procedure for examinations

When dealing with emergencies you **must** be aware of any instructions from relevant local or national agencies.

Reference should also be made to the following document -

<https://www.gov.uk/government/publications/bomb-threats-guidance/procedures-for-handling-bomb-threats>

The invigilator **must** take the following action in an emergency such as a fire alarm or a bomb alert.

- Stop the candidates from writing
- Collect the attendance register (**in order to ensure all candidates are present**)
- Evacuate the examination room in line with the instructions given by the appropriate authority
- Advise candidates to leave all question papers and scripts in the examination room

- Candidates should leave the room in silence
- Make sure that the candidates are supervised as closely as possible while they are out of the examination room to make sure there is no discussion about the examination
- Make a note of the time of the interruption and how long it lasted
- Allow the candidates the full working time set for the examination
- If there are only a few candidates, consider the possibility of taking the candidates (with question papers and scripts) to another place to finish the examination
- Make a full report of the incident and of the action taken, and send to the relevant awarding body

4.0 – Access Arrangements

Access Arrangements Overview

Access arrangements

From the JCQ Access Arrangements page 7:

Access arrangements are agreed before an assessment. They allow candidates with specific needs, such as special educational needs, disabilities or temporary injuries to access the assessment and show what they know and can do without changing the demands of the assessment. The intention behind an access arrangement is to meet the needs of an individual candidate without affecting the integrity of the assessment. Access arrangements are the principal way in which awarding bodies comply with the duty under the Equality Act 2010 to make ‘reasonable adjustments’.*

Reasonable adjustments

From the JCQ Access Arrangements page 7:

The Equality Act 2010* requires an awarding body to make reasonable adjustments where a candidate, who is disabled within the meaning of the Equality Act 2010, would be at a substantial disadvantage in comparison to someone who is not disabled. The awarding body is required to take reasonable steps to overcome that disadvantage. An example would be a Braille paper which would be a reasonable adjustment for a vision impaired candidate who could read Braille. A reasonable adjustment may be unique to that individual and may not be included in the list of available access arrangements. Whether an adjustment will be considered reasonable will depend on several factors which will include, but are not limited to:

- the needs of the disabled candidate
- the effectiveness of the adjustment

- the cost of the adjustment
- the likely impact of the adjustment upon the candidate and other candidates

An adjustment will not be approved if it

- involves unreasonable costs to the awarding body
- involves unreasonable timeframes
- affects the security and integrity of the assessment

Purpose of the policy

The purpose of this policy is to confirm that Worthgate School complies with the JCQ General Regulations for Approved Centres. This publication is further referred to in this policy as GR.

The policy is annually reviewed to ensure that arrangements are carried out in accordance with the current edition of the JCQ publication: 'Adjustments for candidates with disabilities and learning difficulties Access Arrangements and Reasonable Adjustments'.

This publication is further referred to in this policy as AA.

Disability policy (exams)

A large part of the access arrangements policy is covered in the Exams Disability Policy which covers staff roles and responsibilities in identifying the need for, requesting and implementing access arrangements and the conduct of exams. Please see 6.0.

The access arrangements policy further covers the assessment process and related issues in more detail.

The assessment process

Assessments are arranged by the ALS Coordinator. The assessor is appropriately qualified as required by JCQ regulations in AA 7.1.

The qualification(s) of the current assessor(s) – Patricia Chapman

- Previously the Additional Learning Support Coordinator, CATS School Canterbury

Checking the qualification(s) of the assessor(s)

- H.R
- The assessor is employed within the centre
- All the Assessor's qualifications are held on file for inspection purposes and are available to be presented to the JCQ inspector by the ALS Coordinator or Head of Centre.
- Any Candidate with a learning difficulty who requires assessment of his/her needs is assessed by an appropriately qualified specialist assessor as appointed by the Head of Centre.

How the assessment process is administered

All students are screened to identify those who may have a learning difficulty or disability using the Lucid Adult Dyslexia Screener (LADS Plus) which examines word construction, word recognition, working memory and reasoning abilities. If there is a high probability of a learning difficulty then parents/agents are contacted as permission is required for a psychometric assessment to be carried out by the centre's appointed assessor and in accordance with the Data Protection Act. Students who are in need of psychological analysis are referred to a neurological specialist for further assessment.

Students are encouraged to highlight any difficulties they may be having and to disclose any previous or existing diagnosis of a learning difficulty or disability by meeting with the ALS Coordinator to discuss

Recording evidence of need

The Head of Centre/ SLG /Agents/Parents/Central Admissions/Programmes of Study Coordinators offer disclosure of a learning difficulty or disability that might warrant the implementation of 'Reasonable Adjustment'

Form 8 forms are completed by the ALS Coordinator/Assessor for external exam candidates who have learning difficulties in accordance with JCQ guidelines and regulations.

Tutor Evidence evaluation forms are offered to teachers who have concerns about the academic progress of a student in order to build up a picture of need which has been identified as the normal way of working.

An internal database is used for staff members to raise notes and causes for concern and the information is available for teachers to compare and comment upon. It is also used to notify staff of ALS students and their inclusion on the ALS register and it offers information about ALS students.

All students who have been identified as having a learning difficulty or disability have a Student Learner Profile which offers information to teachers about the student's needs and strategies for supporting them, including reasonable adjustments if required.

Reviews of all students on the ALS Register are carried out on a regular basis and new information updated by the ALS Coordinator.

“Completing Form 8 – JCQ/AA/LD, Profile of Learning Difficulties

Form 8 – JCQ/AA/LD must be used to record information about a candidate’s access arrangements and be presented by the ALS Coordinator for inspection. The candidate’s name must be recorded on every page of Form 8 and the form must be stapled together. The form must only be used for candidates with learning difficulties.” [AA 7.6]

“A privately commissioned assessment carried out without prior consultation with the centre cannot be used to award access arrangements and cannot be used to process an application using Access arrangements online.

The ALS Coordinator must provide the assessor with at least a ‘skeleton’ Section A of Form 8 prior to the candidate being assessed (Section C of Form 8).

...

Where a privately commissioned report, or a report from an external professional, is rejected by a centre, the head of centre or a member of the senior leadership team should provide a written rationale supporting their decision to the parent/carer.” [AA 7.3.6]

Gathering evidence to demonstrate normal way of working

Additional Learning Support Register offering an overview of the various exam access arrangements available to candidates and the evidence which was required to support an application.

- Section A&B of the form 8 denotes a normal way of working
- Study support sessions and working in small groups/pairs for reading and writing exercises.
- Student Learner Profiles
- Feedback forms which are completed by invigilators for candidates who have been granted access arrangements.
- One-one individual support sessions
- Tutor evidence of need forms
- Paper evidence which represents a normal way of working e.g handwriting
- Exam’s officer checks
- Work - shops in specific subject areas to help support ALS students

“The arrangement(s) put in place must reflect the support given to the candidate in the centre...

This is commonly referred to as ‘normal way of working’. For candidates with learning difficulties this is typically the background information recorded within Section A of Form 8 by the ALS Coordinator or the assessor working within the centre. ALS Coordinators and assessors must refer to Chapter 7, paragraph 7.6.1, page 87, for

information on how to confirm 'normal way of working'. †The only exception to this is where an arrangement is put in place as a consequence of a temporary injury or impairment" [AA 4.2.5]

Processing access arrangements

Arrangements requiring awarding body approval

Access arrangements online (AAO) is a tool provided by JCQ member awarding bodies for centres to apply for required access arrangement approval for the qualifications listed on page 3 of AA. This tool also provides the facility to order modified papers for those qualifications listed on page 73.

AAO is accessed by logging in to any of the awarding body secure extranet sites. A single application is required for each candidate regardless of the awarding body used.

Managing application through Access Arrangements online will be the responsibility of the Examinations Officer.

Centre-specific criteria for access arrangements

Exams Word Processor Policy

An exam candidate may be approved the use of a word processor where this is appropriate to the candidate's needs and not simply because this is the candidate's preferred way of working within the centre.

The location of the Word Processor Policy is in the Exam's Office in the Policy's folder.

A member of the centre's senior leadership team must produce a statement for inspection purposes which details the criteria the centre uses to award and allocate word processors for examinations.

"It is strongly recommended that a centre has a policy on the use of word processors which it can articulate to parents/carers. Principally, that a word processor cannot simply be granted to a candidate because he/she now wants to type rather than write in examinations or can work faster on a keyboard, or because he/she uses a laptop at home.

The use of a word processor must reflect the candidate's normal way of working within the centre. For example, where the curriculum is delivered electronically, and the centre provides word processors to all candidates.

The centre may wish to set out the particular types of candidates which it considers would benefit from the use of a word processor. For example, a candidate with:

- a learning difficulty which has a substantial and long-term adverse effect on their ability to write legibly
- a medical condition
- a physical disability
- a sensory impairment

- *planning and organisational problems when writing by hand*
- *poor handwriting.*
- *This list is not exhaustive*

[AA 5.8.4]

Separate invigilation within the centre

A decision where an exam candidate may be approved separate invigilation within the centre will be made by the ALS Coordinator. The decision will be based on “whether the candidate has a substantial and long-term impairment which has an adverse effect and the candidate’s normal way of working within the centre.” [AA 5.16]

Each candidate requiring access arrangements will be assessed to ensure that if a separate invigilator is required then that recommendation is met.

Where the presence of a prompter, reader or scribe may have overheard resulting in a detrimental effect on concentration of other candidates in an exam room. (This will also apply if the candidate uses a computer reader.)

5.0 – Word Processor Policy

Purpose of the Policy

This policy on the use of word processors in examinations and assessments is reviewed and updated annually, on the publication of updated JCQ regulations and guidance contained in the publications Access Arrangements and Reasonable Adjustments and Instructions for Conducting Examinations.

References to 'AA' relate to JCQ Access Arrangements and Reasonable Adjustments 2016/17 and ICE to JCQ Instructions for conducting examinations 2017/18.

This policy details how the centre manages and administers the use of word processors (including laptops and tablets) in examinations and assessments.

Principles for using a Word Processor

Worthgate School complies with AA chapter 5 Adjustments for candidates with disabilities and learning difficulties regulations and guidance as follows:

- Candidates with access to word processors are allowed to do so in order to remove barriers for disabled candidates which prevent them from being placed at a substantial disadvantage as a consequence of persistent and significant difficulties
- The use of word processors is only permitted whilst ensuring that the integrity of the assessment is maintained, at the same time as providing access to assessments for a disabled candidate

- The use of a word processor is not granted where it will compromise the assessment objectives of the specification in question
- Candidates may not require the use of a word processor in each specification. As subjects and their HPDs/CDs of assessments may vary, leading to different demands of our candidates, the need for the use of a word processor is considered on a subject-by-subject basis
- The use of a word processor is considered and agreed where appropriate at the start of the course. Candidates are subsequently aware that they will have the use of a word processor for examinations and controlled assessments/coursework
- Candidates are made aware that they will have the use of a word processor for examinations and non-examination assessments (including controlled assessments/coursework)

The use of a word processor for candidates is only granted if it reflects the support given to the candidate as their 'normal way of working', which is defined as support:

- in the classroom
- working in small groups for reading and/or writing
- literacy support lessons
- literacy intervention strategies
- In internal school tests and mock examinations

The only exception to this is where an arrangement may need to be put in place as a consequence of a temporary injury or impairment at the time of an exam or assessment.

The use of a Word Processor

Worthgate School complies with AA chapter 5 Access arrangements available as follows:

(AA 5.8.1)

- Provides a word processor with the spelling and grammar check facility/predictive text disabled (switched off)
- Only grants the use of a word processor to a candidate where it is their normal way of working (see above) within the centre
- Only grants the use of a word processor to a candidate if it is appropriate to their needs (for example, the quality of language significantly improves as a result of using a word processor due to problems with planning and organisation when writing by hand)

(The above also extends to the use of electronic brailers and tablets)

(AA 5.8.2)

- Provides access to word processors to candidates in non-examination assessments (including controlled assessments or coursework) components as standard practice unless prohibited by the specification

(AA 5.8.3)

- Allows candidates to use a word processor in an examination to type certain questions, i.e. those requiring extended writing, and handwrite shorter answers
- Are also aware that examinations which have a significant amount of writing, as well as those that place a greater demand on the need to organise thought and plan extended answers, are those where candidates will frequently need to type. Examinations which require more simplistic answers are often easier to handwrite within the answer booklet. The candidate avoids the difficulty of visually tracking between the question paper and screen

(AA 5.8.4)

- Ensures in Functional Skills English (Reading and Writing components) the use of a word processor with the spell check facility switched on is permitted for all candidates
- Does not simply grant the use of a word processor to a candidate because he/she prefers to type rather than write or can work faster on a keyboard, or because he/she uses a laptop at home

Word Processors and their Programmes

Worthgate School complies with ICE Word processors instructions by ensuring:

- Word processors are used as a typewriter, not as a database, although standard formatting software is acceptable
- Word processors have been cleared of any previously stored data, as must any portable storage medium used
- An unauthorised memory stick is not permitted for use by a candidate
- Where required, candidates are provided with a memory stick, which has been cleared of any previously stored data, by a nominated member of centre staff
- Word processors are in good working order at the time of the examination
- Word processors are accommodated in such a way that other candidates are not disturbed and cannot read the screen
- Where a candidate using a word processor is accommodated separately, a separate invigilator is used
- Word processors are either connected to a printer so that a script can be printed off, or have the facility to print from a portable storage medium
- Documents are printed after the examination is over
- Candidates are present to verify that the work printed is their own
- Word processed scripts are inserted in any answer booklet which contains some of the answers
- Word processors are used to produce scripts under secure conditions, and if they are not then the centre is aware that they may be refused by the awarding body
- Word processors are not used to perform skills which are being assessed
- Word processors are not connected to an intranet or any other means of communication.

- Candidates are not given access to other applications such as a calculator (where prohibited in the examination), spreadsheets etc when using a word processor
- Graphic packages or computer aided design software is not included on a word processor unless permission has been given to use these
- Predictive text software or an automatic spelling and grammar check is disabled unless the candidate has been permitted a scribe or is using voice recognition technology (the script must have a completed scribe cover sheet included), or the awarding body's specification permits the use of automatic spell checking
- Voice recognition technology is not included on word processors unless the candidate has permission to use a scribe or relevant software
- Word processors are not used on the candidate's behalf by a third party unless the candidate has permission to use a scribe

Laptops and Tablets

Worthgate School further complies with ICE instructions by ensuring:

- Tablets used during examinations/assessments are designed to run for a long period of time once fully charged and are 'free-standing'
- The battery capacity of all laptops and/or tablets is checked before the candidate's examination(s) with the battery sufficiently charged for the entire duration of the examination
- Candidates with fully charged laptops or tablets are given the opportunity to be seated within the main examination hall without the need for separate invigilation and power points
- Candidates are reminded that their centre number, candidate number and the unit/component code must appear on each page as a header or footer
- Candidates using Notepad or WordPad software (which do not allow for the insertion of a header or footer) are instructed to handwrite their details as a header or footer once they have finished the examination and printed off their typed script; candidates are also supervised to ensure that they are solely performing this task and not re-reading their answers or amending their work in any way
- Candidates are instructed to appropriately number each page
- Candidates are instructed to use a minimum 12pt font and double spacing
- Invigilators remind candidates to save their work at regular intervals
- Where it is possible 'autosave' is set up on each laptop/tablet
- Candidates are present at the end of the examination when their script is printed off so they can verify that the work printed is their own

Accommodating Word Processors in Examinations

Candidates using word processors (including laptops or tablets) are internally accommodated in the following manner:

- ALS Coordinator lets EO know which students require laptops and in which specifications
- Candidates sit in the main exam hall, sat away from other students so they a) don't disturb other students and b) so other students can't see the work being produced on the word processor
- Candidates are encouraged to save their work regularly
- Candidates are escorted to the EO with the memory stick, where it will be printed and footer/page numbers added by candidate

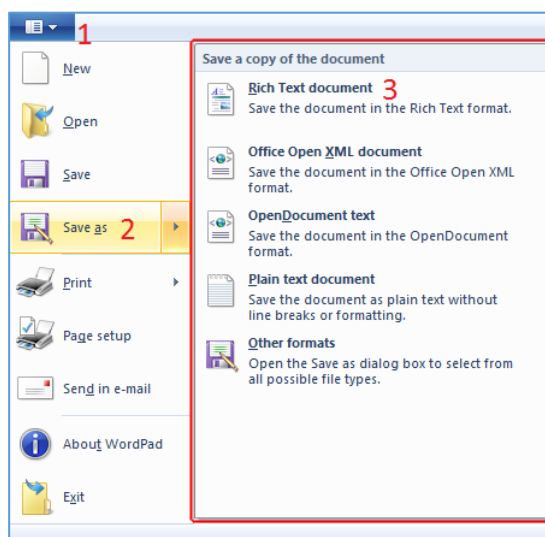

Invigilation arrangements relating to the use of word processors include the following:

- Lead invigilator briefed by EO of any students requiring WP
- EO indicates the use of WP on the seating plan
- Invigilators set-up WP using instructions and user guide, provided by EO
- Invigilators escort WP candidate to EO office to print paper

Procedure for Facilitating Exams taken on a Laptop:

Before the exam

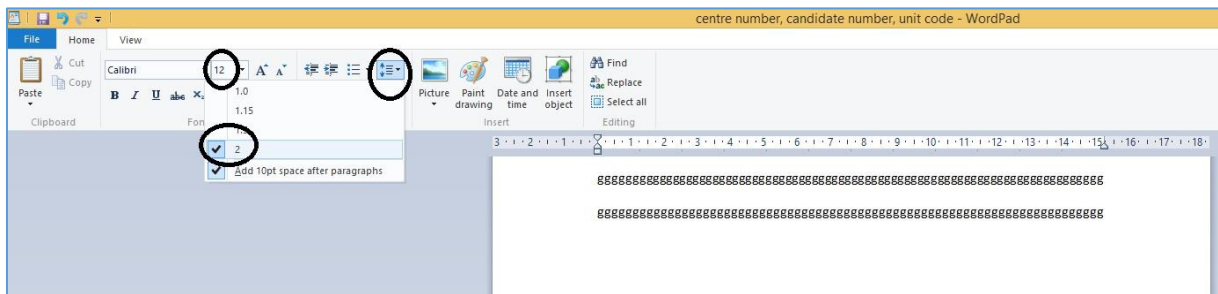

- Arrange laptop as per seating plan, plug power adapter into wall.
- Attach keyboard and mouse.
- Turn on laptop.
- Click on 'exam' profile
- Profile will load and WordPad will launch automatically
- Insert USB stick into USB port.  The port will have this symbol next to it.
- Autoplay will show up, make a note of the name of the device; cancel this message.
- In WordPad, click on steps 1, 2, 3:

- Save the file to the USB drive and name the file as follows: centre number, candidate number, unit code

- Set the font size to 12 and line spacing to 2.

- Ask the candidate to write their centre number, candidate number and unit/component code at the top of the first page
- Remind the candidate to keep saving their work

During the exam

- Remind the candidate to keep saving their work at appropriate intervals

End of exam

- Ask the candidate to hit save once more and then close down the document
- Go to the start button, click Computer and then click on the USB drive
- Check the correct file has saved in there
- Right click on the drive and select 'Eject' from the menu
- The computer will then tell you it is safe to remove the hardware (USB)
- Remove the USB stick from the laptop
- Candidate must be escorted to the exams office by an invigilator (with the USB stick)
- The Exams Officer will print off the candidate's work
- The candidate will write page numbers on each page
- The candidate will write the centre number, candidate number and unit/component code on each page

- The Exams Officer will complete JCQ Form 4 – Word Processor cover sheet
- The Exams Officer and invigilator will sign the cover sheet
- The Exams Officer will securely attach this sheet to the candidate’s work and process as usual with the other scripts

Operations team

- Operations staff responsible for rooms and non-specialist equipment (chairs, tables, clocks etc.) used for exams that may need to be adapted for a candidate, as directed by Exams Officer

Word Processors

The 'normal way of working' for exam candidates, as directed by the head of centre, is that candidates handwrite their exams. An exception to this is where a candidate may have an approved access arrangement in place, for example the use of a scribe/speech recognition technology.

There are also exceptions where a candidate may be awarded the use of a word processor in exams where he/she has a firmly established need, it reflects the candidate's normal way of working and by not being awarded a word processor would be at a substantial disadvantage to other candidates.

Exceptions might include where a candidate has, for example:

- A learning difficulty which has a substantial and long term adverse effect on their ability to write legibly
- A medical condition
- A physical disability
- A sensory impairment
- Planning and organisational problems when writing by hand
- Poor handwriting

Allocating word processors

Appropriate exam-compliant word processors will be allocated by the IT department in liaison with the ALS Coordinator and the Exams Officer. In exceptional circumstances where the number of appropriate word processors may be insufficient for the cohort of candidates approved to use them in an exam session, the cohort will be split into two groups. One group will sit the exam earlier than or later than the published start time. The security of the exam will be maintained at all times and candidates will be supervised in line with section 2.11 of ICE.

Internal Assessments

These are non-examination assessments (NEA) which are normally set by a centre/awarding body, marked and internally verified by the centre and moderated by the awarding body.

"Externally marked and/or externally set practical examinations taken at different times across centres are classified as 'NEA'." [JCQ Instructions for conducting non-examination assessments – Foreword, page 3]

Facilitating Access Examples

The following information confirms the centre’s good practice in relation to the Equality Act 2010 and the conduct of examinations.

On a candidate by candidate basis, consideration is given to:

- Adapting assessment arrangements
- Adapting assessment materials
- The provision of specialist equipment or adaptation of standard equipment
- Adaptation of the physical environment for access purposes

7.0 – Verifying Candidates Policy

Verifying Candidate Identity Procedure

The identity of candidates sitting a written examination with Worthgate School will be checked before the start of each written examination.

Placed on each desk will be a desk label, which contains a photograph of the candidate to sit the written paper at that particular session

- Candidates will be expected to wear their student ID card, which also contains the same photo as the desk label
- Candidates will be instructed to place their student ID card on the desk, so that the invigilators can make sure this matches the desk label
- The Exams Officer will be there to verify candidate identity, along with a senior member of staff present to also check the identity of students
- Candidates who wear a veil for religious purposes, which obscure the face, will be taken to a private room by the Exams Officer plus a female invigilator. They will be asked to remove the veil so that their identity can be verified. Once this has been ascertained, the candidate can put their veil back in place, proceeding to the exam room as normal
- Private candidates will be expected to bring photographic documentary evidence (passport or photographic driving licence) to each and every written examination, reporting to the Head Invigilator, so that their identity can be verified. Private candidates will not be allowed to sit the examination without photographic evidence under any circumstances

8.0 – Non-examined Assessment Policy

What does this policy affect?

This policy affects the delivery of subjects of reformed GCE and GCSE qualifications which contain a component(s) of non-examination assessment.

“The regulator’s definition of an examination is very narrow and in effect any type of assessment that is not ‘externally set and taken by candidates at the same time under controlled conditions’ is classified as non-examination assessment (NEA). ‘NEA’ therefore includes, but is not limited to, internal assessment. Externally marked and/or externally set practical examinations taken at different times across centres are classified as ‘NEA’.”

[JCQ [Instructions for Conducting Non-Examination Assessments](#) – Foreword]

(This publication is further referred to in this policy as [NEA](#))

Purpose of the Policy

The purpose of this policy, as defined by JCQ, is to:

- Cover procedures for planning and managing non-examination assessments
- Define staff roles and responsibilities with respect to non-examination assessments
- Manage risks associated with non-examination assessments

[NEA 1]

What are non-examination assessments?

“Non-examination assessments measure subject-specific knowledge and skills that cannot be tested by timed written papers.

There are three assessment stages and rules which apply to each stage. These rules often vary across subjects. The stages are:

- Task setting
- Task taking
- Task marking

9.0 – Controlled Assessment Policy

Purpose of the Policy

This purpose of this policy is to:

"Identify staff responsibilities in planning and managing GCSE controlled assessments;"

[JCQ [GCSE controlled assessments – Outlining staff responsibilities](#)]

"Examine potential risks and issues relating to the implementation of controlled assessment for GCSE qualifications and how these might be managed and mitigated through forward planning and remedial actions."

[JCQ [GCSE controlled assessments - Risk management process](#)]

This policy complies with JCQ's [General Regulations](#) in that the centre is required to: "have in place, and be available for inspection purposes, a written policy with regard to the management of GCSE controlled assessments".

This policy does not cover specific [instructions for conducting controlled assessments](#) which are provided by JCQ and awarding bodies.

Staff Responsibilities

Senior Leadership Team - Vice Principal

- Accountable for the safe and secure conduct of controlled assessments. Ensure assessments comply with JCQ guidelines and awarding bodies' subject-specific instructions
- At the start of the academic year, begin coordinating with HPDs/CDs to schedule controlled assessments. (It is advisable that controlled assessments be spread throughout the academic years of Key Stage 4)
- Map overall resource management requirements for the year. As part of this resolve:
- Clashes/ problems over the timing or operation of controlled assessments

- Issues arising from the need for particular facilities (rooms, IT networks, time out of school etc.)
- Ensure that all staff involved have a calendar of events
- Publish and update the internal appeals policy, which covers controlled assessments, see Exams Internal Appeals Policy

HPDs/CDs

- Decide on the awarding body and specification for a particular GCSE
- Ensure that at least 40% of overall assessment (controlled and/or external assessment) is taken in the exam series in which the qualification is certificated, to satisfy the terminal assessment requirement in accordance with the awarding body specification
- Standardise internally the marking of all teachers involved in assessing an internally assessed component
- Ensure that individual teachers understand their responsibilities with regard to controlled assessment
- Ensure that individual teachers understand the requirements of the awarding body's specification and are familiar with the relevant teachers' notes, and any other subject specific instructions
- Where appropriate, develop new assessment tasks or contextualize sample awarding body assessment tasks to meet local circumstances, in line with awarding body specifications and control requirements

Teaching Staff

- Understand and comply with the general guidelines contained in the JCQ publication Instructions for conducting controlled assessments
- Understand and comply with the awarding body specification for conducting controlled assessments, including any subject-specific instructions, teachers' notes or additional information on the awarding body's website
- Supply to the exams office details of all unit codes for controlled assessments.
- Obtain confidential materials/tasks set by awarding bodies in sufficient time to prepare for the assessment(s) and ensure that such materials are stored securely at all times
- Supervise assessments (at the specified level of control). Undertake the tasks required under the regulations, only permitting assistance to students as the specification allows.
- Ensure that students and supervising teachers sign authentication forms on completion of an assessment
- Mark internally assessed components using the mark schemes provided by the awarding body. Submit marks through the exams office to the awarding body when required, keeping a record of the marks awarded
- Retain candidates' work securely between assessment sessions (if more than one)
- Supply the exams office with all relevant, completed paperwork by the internal deadline
- Post-completion, retain candidates' work securely until the closing date for enquiries about results. In the event that an enquiry is submitted, retain candidates work securely until the outcome of the enquiry and any subsequent appeal has been conveyed to the centre

- Ask the appropriate special educational needs coordinator (ALS Coordinator) for any assistance required for the administration and management of access arrangements

Exams Officer

- Enter students for individual units, whether assessed by controlled assessment, external exam or on-screen test, before the deadline for final entries
- Enter students' 'cash-in' codes for the terminal exam series
- Where confidential materials are directly received by the exams office, to be responsible for receipt, safe storage and safe transmission, whether in CD or hard copy format
- Download and distribute mark sheets for teaching staff to use, and collect and send mark sheets to awarding bodies before deadlines
- On the few occasions where controlled assessment cannot be conducted in the classroom arrange suitable accommodation where controlled assessment can be carried out, at the direction of the senior leadership team

ALS Coordinator

- Ensure access arrangements have been applied for
- Work with teaching staff and exams office to ensure requirements for support staff are met by sending a list of students who require access arrangements to HPDs/CDs and the Exams Officer

10.0 – Special Consideration Policy

What is Special Consideration?

“Special consideration is a post-examination adjustment to a candidate’s mark or grade to reflect temporary illness, temporary injury or some other event outside of the candidate’s control at the time of the assessment, which has had, or is reasonably likely to have had, a material effect on a candidate’s ability to take an assessment or demonstrate his or her normal level of attainment in an assessment.

Special consideration can only seek to go some way to assist a candidate affected by a potentially wide range of difficulties, emotional or physical, which may influence performance in examinations. It cannot remove the difficulty faced by the candidate. There will be situations where candidates should not be entered for an examination. Only minor adjustments can be made to the mark awarded because to do more than this would jeopardize the standard of the examination.”

[JCQ A guide to the special consideration process Chapter 1]
(This document is further referred to in this policy as SC)

Purpose of the Policy

The purpose of this policy is to identify roles and responsibilities in the special consideration process and confirms that [insert centre name] agrees to “submit any applications for special consideration where candidates meet the published criteria.” [JCQ General regulations for approved centres]

Eligibility for Special Consideration

Roles and responsibilities

Head of Centre

- Is familiar with the contents, refers to and directs relevant centre staff to the annually updated JCQ publication SC
- Ensures that, where relevant and in eligible situations, applications for special consideration will be submitted to awarding bodies by the Exams Officer

Exams Officer

- Understands the criteria as detailed in SC to determine where candidates will/will not be eligible for special consideration
- Ensures that, where relevant and in eligible situations, applications for special consideration will be submitted to awarding bodies
- Provide any appropriate evidence or information that may be required to determine a candidate’s eligibility for special consideration

Candidates (or parents/carers)

- Provide any medical or other evidence that may be required to determine eligibility for special consideration

Applying for Special Consideration

Where eligible, special consideration will be applied for in a specific exam series where candidates *“have been fully prepared and have covered the whole course but performance in the examination, or in the production of controlled assessment, coursework or non-examination assessment, is materially affected by adverse circumstances beyond their control.”* [SC 2]

Where a candidate may arrive for an exam and is clearly unwell, extremely distressed and/or may have sustained an injury that requires emergency access arrangements to be put in place:

- The candidate will be kept comfortable and under supervision from the required time while appropriate arrangements are put in place for them to take the exam in the best possible conditions
- A judgement will be made on how the candidate’s situation or disposition affected performance in the exam
- Where appropriate and where eligible, special consideration will be applied for

Where candidates may be affected by a major disturbance in the exam room (emergency evacuation etc.), special consideration is applied for on behalf of all candidates.

Where a candidate takes multiple exams (three or more exams) timetabled for the same day and the total duration for those papers is more than 6 hours for GCE exams (AS, A2, A-level) or more than 5 hours 30 minutes for GCSE exams including any approved extra time but not any time taken for supervised rest breaks, special consideration for an allowance on last paper taken will be applied for.

Where a candidate may be affected by a minor disturbance in the exam room caused by another candidate (momentary bad behaviour, mobile phone ringing etc.), special consideration cannot be applied for.

If a candidate is absent for acceptable reasons, and the centre can verify this, special consideration is applied for if the exam missed is in the terminal series and the minimum requirements for enhanced grading in cases of acceptable absence can be met. If there is an opportunity to re-enter the candidate in the next available exam series, the centre will make the entry and special consideration is not applied for.

Where other issues or problems affect a candidate or a group of candidates, special consideration will be explored (SC 5) and applied for where eligible. This might include, for example:

- Requesting an honorary certificate

- A short extension to controlled assessment/coursework/non-examination assessment deadlines
- Submitting a reduced quantity of controlled assessment/coursework/non-examination assessment (shortfall in work)
- Lost or damaged work
- Candidates taking an incorrect or defective question paper
- Candidates undertaking the wrong controlled assessment assignment

Where a candidate may be eligible for special consideration (a post assessment adjustment) in a vocational qualification, the centre will follow SC 7 and awarding body guidance to determine if, when and how an adjustment can be applied for.

Processing Applications for Special Consideration

Roles and responsibilities

Head of centre

- Ensures where a candidate may be a relative of the Exams Officer, the application will be authorised by an alternative member of centre staff

Exams Officer

- Ensures applications will be processed as required by the awarding bodies
- Keeps evidence to support applications on file until after the publication of results
- Meets the required deadline(s) for submitting applications

Teaching staff and/or ALS Coordinator

- Provide any appropriate evidence or information that may be required to support a candidate's application for special consideration

Candidates (or parents/carers)

- Will be asked to provide any required medical or other evidence that may be required to support an application for special consideration

Submitting Applications for Special Consideration

Where a candidate or group of candidates is/are eligible for special consideration applications will be submitted to the relevant awarding body following the published processes in SC. Evidence to support applications will be kept on file until after the publication of results.

Timetabled written exams

- For GCE and GCSE qualifications, applications for individual candidates will be submitted online by logging into the relevant awarding body secure extranet site and following the links to special consideration
- The processes for submitting a single application to cover all exams where a candidate is present but disadvantaged and a separate application for each day where a candidate is absent from an examination for an acceptable reason detailed in SC 6 will be followed
- For other qualifications, applications are submitted online where the awarding body's secure system accepts these

- The paper form 10 JCQ/SC Application for special consideration will only be completed and submitted to the awarding body where the online system does not accept applications for a particular qualification
- For groups of candidates, applications will be made online where the awarding body's secure system accepts group applications or form 10 will be completed
- The paper form 14 JCQ/ME Self certification for candidates who have missed an examination will only be completed by a candidate where circumstances warrant this and will not be used where the centre knows the candidate was ill

Internally assessed work

- Where appropriate, applications will be made online where the awarding body's secure system accepts them or form 10 will be completed and submitted to the awarding body
- Where a short extension to a deadline is being requested an application will be submitted online or by direct email, dependent on the awarding body
- Where an application relates to a shortfall in work, this will be submitted online or by completing form 10, dependent on the awarding body
- Where an application relates to lost or damaged work, this will be submitted online or by completing form 15 JCQ/LCW Notification of lost centre assessed work, dependent on the awarding body

Post assessment adjustments – vocational qualifications

- Where relevant and eligible, form VQ/SC Application for special consideration Vocational qualifications will be completed and submitted to the awarding body
- Private candidates
- Any private candidate entered by the centre must liaise with the Exams Officer (not the awarding body) regarding any application for special consideration

11.0 – Internal Appeals Policy

Appeals against Internal Assessment Decisions (Centre Assessed Marks)

This procedure confirms Worthgate School's compliance with JCQ's General Regulations for Approved Centres that the centre has in place:

“a written internal appeals procedure relating to internal assessment decisions and to ensure that details of this procedure are communicated, made widely available and accessible to all candidates” and that the centre “must inform candidates of their centre assessed marks as a candidate is allowed to request a review of the centre’s marking before marks are submitted to the awarding body.”

Certain components of GCSE and A Level (GCSE controlled assessments, A Level coursework, A Level and GCSE non-examination assessments) and other qualifications that contribute to the final

grade of the qualification are internally assessed (marked) by the centre. The marks awarded (the internal assessment decisions) are then submitted by the deadline set by the awarding body for external moderation.

Worthgate School is committed to ensuring that whenever staff mark candidates' work, this is done fairly, consistently and in accordance with the awarding body's specification and subject-specific associated documents.

Worthgate School ensures that all centre staff follow a robust Non-examination assessment policy (for the management of A Level and GCSE non-examination assessments). This policy details all procedures relating to non-examination assessments for A Level and (I)GCSE qualifications, including the marking and quality assurance processes which relevant teaching staff are required to follow.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill, and who have been trained in this activity. Worthgate School is committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where a number of subject teachers are involved in marking candidates' work, internal moderation and standardisation will ensure consistency of marking.

On being informed of their centre assessed marks, if a candidate believes that the above procedures were not followed in relation to the marking of his/her work, or that the assessor has not properly applied the mark scheme to his/her marking, then he/she may make use of this appeals procedure to consider whether to request a review of the centre's marking.

- The Worthgate School will ensure that candidates are informed of their centre assessed marks so that they may request a review of the centre's marking before marks are submitted to the awarding body
- The Worthgate School will inform candidates that they may request copies of materials (for example, a copy of their marked work, the relevant specification, the mark scheme and any other associated subject-specific documents) to assist them in considering whether to request a review of the centre's marking of the assessment
- The Worthgate School will, having received a request for copies of materials, promptly make them available to the candidate within 2 calendar days
- The Worthgate School will provide candidates with sufficient time in order to allow them to review copies of materials and reach a decision
- The Worthgate School will provide a clear deadline for candidates to submit a request for a review of the centre's marking. Requests will not be accepted after this deadline. Requests must be made in writing within 7 calendar days of receiving copies of the requested materials completing the internal appeals form
- The time allowed by Worthgate School for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline, is contained in the internal appeals calendar

- The Worthgate School will ensure that the review of marking is carried out by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate and has no personal interest in the review
- The Worthgate School will instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre
- The Worthgate School will inform the candidate in writing of the outcome of the review of the centre's marking
- The outcome of the review of the centre's marking will be made known to the head of centre. A written record of the review will be kept and made available to the awarding body upon request

The moderation process carried out by the awarding bodies may result in a mark change, either upwards or downwards, even after an internal review. The internal review process is in place to ensure consistency of marking within the centre, whereas moderation by the awarding body ensures that centre marking is line with national standards. The mark submitted to the awarding body is subject to change and should therefore be considered provisional.

Appeals against the centre's decision not to support a clerical check, a review of marking, a review of moderation or an appeal

This procedure confirms Worthgate School's compliance with JCQ's General Regulations for Approved Centres that the centre has in place:

"a written internal appeals procedure to manage disputes when a candidate disagrees with a centre decision not to support a clerical check, a review of marking, a review of moderation or an appeal..."

Following the issue of results, awarding bodies make post-results services available. Full details of these services, internal deadlines for requesting a service and fees charged are provided by the Exams Officer by email to candidates on the last week of the summer term.

Candidates are also informed of the arrangements for post-results services before they sit any exams and the accessibility of senior members of centre staff immediately after the publication of results by email.

If the centre or a candidate (or his/her parent/carer) has a concern and believes a result may not be accurate, an enquiry about the result may be requested.

Enquiries about results (EARs) offers three services:

Service 1 – clerical re-check

- Service 2 – review of marking
- Service 3 – review of moderation (this service is not available to an individual candidate)

Written candidate consent (informed consent via candidate email is acceptable) is required in all cases before a request for an EAR service 1 or 2 is submitted to the awarding body as with these services candidates' marks and subject grades may be lowered. Candidate consent can only be collected after the publication of results.

If a concern is raised about a particular examination result, the Exams Officer, teaching staff and head of centre will investigate the feasibility of requesting an enquiry supported by the centre.

Where the centre does not uphold a request from a candidate, the candidate may pay the appropriate EAR fee to the centre, and a request will be made to the awarding body on the candidate's behalf.

If the candidate (or his/her parent/carer) believes there are grounds to appeal against the centre's decision not to support an enquiry, an internal appeal can be submitted to the centre by completing the internal appeals form at least five calendar days prior to the internal deadline for submitting an EAR.

The appellant will be informed of the outcome of his/her appeal before the internal deadline for submitting an EAR.

Following the EAR outcome, an external appeals process is available if the head of centre remains dissatisfied with the outcome and believes there are grounds for appeal. The JCQ publications Post-Results Services and JCQ Appeals Booklet (A guide to the awarding bodies' appeals processes) will be consulted to determine the acceptable grounds for a preliminary appeal.

Where the head of centre is satisfied after receiving the EAR outcome, but the candidate (or his/her parent/carer) believes there are grounds for a preliminary appeal to the awarding body, a further internal appeal may be made to the head of centre. Following this, the head of centre's decision as to whether to proceed with a preliminary appeal will be based upon the acceptable grounds as detailed in the JCQ Appeals Booklet. Candidates or parents/carers are not permitted to make direct representations to an awarding body. The internal appeals form should be completed and submitted to the centre within five calendar days of the notification of the outcome of the EAR. Subject to the head of centre's decision, this will allow the centre to process the preliminary appeal and submit to the awarding body within the required 30 calendar days of receiving the outcome of the enquiry about results process. Awarding body fees which may be charged for the preliminary appeal must be paid to the centre by the appellant before the preliminary appeal is submitted to the awarding body (fees are available from the Exams Officer). If the appeal is upheld by the awarding body, this fee will be refunded by the awarding body and repaid to the appellant by the centre.

11.3 - Internal Appeals Log

On receipt, all appeals are assigned a reference number and logged. Outcome and outcome date is also recorded.

The outcome of any review of the centre's marking will be made known to the head of centre. A written record of the review will be kept and logged as an appeal, so information can be easily made available to an awarding body upon request.

This is an example of the log:

12.0 – Complaints and Appeals

Purpose of the Procedure

This procedure confirms Worthgate School's compliance with JCQ's General Regulations for Approved Centres 2017-2018, section 5.7 that the centre has in place "...a written complaints and appeals procedure which will cover general complaints regarding the centre's delivery or administration of a qualification."

Grounds for Complaint

A candidate (or his/her/parent/carer) may make a complaint on the grounds below (this is not an exhaustive list).

Complaints and appeals procedure

If a candidate (or his/her parent/carer) has a general concern or complaint about the centre's delivery or administration of a qualification he/she is following, Worthgate School encourages him/her to try to resolve this informally in the first instance. A concern or complaint should be made in person or in writing to the Head of Centre.

If a complaint fails to be resolved informally the candidate (or his/her parent/carer) is then at liberty to make a formal complaint.

How to make a formal complaint

- A complaint should be submitted in writing by completing a complaints and appeals form
- Forms are available from the Exams Officer

- Completed forms should be returned to the Exams Officer
- Forms received will be logged by the centre and acknowledged within three calendar days

How a formal complaint is investigated

The head of centre will further investigate or appoint a member of the middle leadership team, under supervision of the Vice Principal (who is not involved in the grounds for complaint and has no personal interest in the outcome) to investigate the complaint and report on the findings and conclusion. The findings and conclusion will be provided to the complainant within four working weeks.

Appeals

Following the outcome, if the complainant remains dissatisfied and believes there are clear grounds, an appeal can be submitted.

- Any appeal must be submitted in writing by again completing a complaints and appeals form
- Forms received will be logged by the centre and acknowledged within 3 calendar days
- The appeal will be referred to the Managing Director of CATS Schools for consideration
- The Managing Director of CATS Schools will inform the appellant of the final conclusion in due course

Students are given the right to find out what information (including personal data as defined in the GDPR)¹ the centre holds about them, how this is protected, how this can be accessed and how data breaches are dealt with.

All exams office staff responsible for collecting and sharing candidates’ data (including personal data) are required to follow strict rules called ‘data protection principles’ ensuring the information is:

- Processed fairly, lawfully and in a transparent manner
- Collected for specified, explicit and legitimate purposes
- Adequate, relevant and not excessive in relation to the purposes for which it is processed
- Accurate and where necessary kept up to date
- Kept (in a format which identifies candidates) for no longer than is absolutely necessary
- Kept safe and secure, including protecting against unauthorised or unlawful processing and against accidental loss, destruction or damage

In addition, a candidate’s personal data will not be transferred outside the European Economic Area without adequate protection being put in place.

1. any information relating to an identified or identifiable natural person (“data subject”); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person (Article 4 (1) GDPR)

Personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, and the processing of genetic data, biometric data for the purpose of uniquely identifying a natural person, data concerning health or data concerning a natural person’s sex life or sexual orientation (Article 9(1) GDPR).

Exams-Related Information

There is a requirement for the Exams Office(r) to hold exams-related information on candidates taking external examinations. For further details on the type of information held please refer to Section 5 – Candidate information, audit and protection measures.

All candidates are:

- Informed via information pack given once entries made
- Given access to this policy via written request

Candidates are made aware of the above once they have been entered for external examinations.

Hardware and Software

The table below confirms how IT hardware, software and access to online systems is protected in line with GDPR requirements.

	Data centres run a sourcefire module between the LAN and DC network. Egress filtering is all done via the Firepower rating system, destinations limited via DNS entries being locked down and restricting access. All secure configs are backed up using Solarwinds network config manager, and config backups compared against daily backups to highlight and alert against changes. Live changes are captured in Solarwinds and alerting set up. SSH and HTTPS secure authentication, and running SNMP V3, access to management infrastructure is via its own locked down subnet with limited user access. Admin interfaces are accessible via the internet ,and limited to specific external IPs.	
User system security	Regularly reviewed and monitored. Inactive or no longer required accounts are disabled and held in a graveyard account. Archive and deletion is depending on users' role and need for making data available for ex- students. Passwords are valid for 90 days then are compulsory changed, they must be a minimum of 12 mixed characters and cannot re-use the 5 previously used password.	
Data Transfer – WIFI	All systems transferring data via corporate WIFI are encrypted to WPA2 Enterprise level. Guest WIFI access is via a PSK key

Dealing with Personal Data Breaches

Although personal data is handled in line with the GDPR, sometimes a personal data breach may still occur for any of the following reasons:

- Loss or theft of data or equipment on which personal data is stored
- Inappropriate access controls allowing unauthorised use
- Equipment failure
- Human error
- Unforeseen circumstances such as a fire or flood
- Hacking attack
- 'Blagging' offences where personal data is obtained by deceiving the organisation who holds it

If a personal data breach is identified, the centre must immediately notify CGS's Data Protection Officer ("DPO"). The DPO will take the lead with the following steps:

Assessment of whether a Personal Data Breach needs to be notified

The DPO will assess whether the personal data breach needs to be notified to the Information Commissioner's Office (ICO) and to individual candidates.

In both cases, the DPO will make a recommendation to the CGS executive team regarding notification in line with the GDPR and official guidance on personal data breach notification. The executive team will decide whether to notify and their decision will be final. Both the DPO's recommendation and the CGS executive team's decision will be recorded as part of CGS's accountability obligations under the GDPR.

Containment and Recovery

It will be established:

- Who needs to be made aware of the breach internally and inform them of what they are expected to do to assist in the containment exercise. This may include isolating or closing a compromised section of the network, finding a lost piece of equipment and/or changing the access codes
- Whether there is anything that can be done to recover any losses and limit the damage the breach can cause. As well as the physical recovery of equipment, this could involve the use of back-up hardware to restore lost or damaged personal data or ensuring that staff recognise when someone tries to use stolen data to access accounts

Assessment of Ongoing Risk

The following points will be considered in assessing the ongoing risk of the personal data breach:

- What type of personal data is involved?
- Is it special category personal data?
- If personal data has been lost or stolen, are there any protections in place such as encryption?
- What has happened to the personal data? If personal data has been stolen, it could be used for purposes which are harmful to the individuals to whom the personal data relates; if it has been damaged, this poses a different type and level of risk
- Regardless of what has happened to the personal data, what could the personal data tell a third party about the individual?
- How many individuals' personal data are affected by the breach?
- Who are the individuals whose personal data has been breached?
- What harm can come to those individuals?
- Are there wider consequences to consider such as a loss of public confidence in an important service the centre provides?

Evaluation and Response

Once a personal data breach has been resolved, a full investigation of the incident will take place.

This will include:

- Reviewing what personal data is held and where and how it is stored
- Identifying where risks and weak points in security measures lie (for example, use of portable storage devices or access to public networks)
- Reviewing of sharing of personal data and transmission
- Increasing staff awareness of security when handling personal data and filling gaps through training or tailored advice
- Reviewing contingency plans
- Documenting the facts relating to the personal data breach, its effects and remedial action taken to ensure CGS's compliance with the accountability requirements of the GDPR.

Candidate Information, Audit and Protection Measures

For the purposes of this policy, all candidates' exam-related information – even that not considered personal or special category under the GDPR – will be handled in line with GDPR guidelines.

An information audit is conducted annually.

The table below details the type of candidate exams-related information held, and how it is managed, stored and protected.

Protection measures include:

- Secure drive accessible only to selected staff
- Secure destruction of data once deadline for retention has passed
- Password policies
- Anti-malware software

Data Retention Periods

Details of retention periods, the actions taken at the end of the retention period and disposal are contained in the centre's Exams archiving policy which is accessible via the Exams Policy on Shackleton or by requesting a copy from the Exams Officer.

Access to Information

Current and former candidates can request access to the personal data held on them by making a subject access request to the Data Protection Officer in writing/email. The email address from which the request comes from will be cross-checked against the student record on Shackleton. If the email address does not appear on the student record, then the candidate will need to confirm their identity by scanning and emailing a colour copy of their passport and a recent utility bill. Requests will be dealt with within 1 month.

Third Party Access

Permission should be obtained before requesting personal data on another individual from a third-party organisation. Candidates' personal data will not be shared with a third party unless a request is accompanied with permission from the candidate. Permission must be provided in the form of an email from a verified email address on the student's record.

In the case of looked-after children or those in care, agreements may already be in place for personal data to be shared with the relevant authorities (for example, the Local Authority). The centre's Data Protection Officer will confirm the status of these agreements and approve/reject any requests.

18.0 CERTIFICATE ISSUE AND RETENTION

Introduction

Certificates are provided by awarding bodies after examination results have been confirmed. Certificates always remain the property of the awarding bodies.

Purpose of the procedure/policy

The purpose of this procedure/policy is to confirm how Worthgate School issues examination certificates to candidates and the policy for the retention of any unclaimed/uncollected certificates in compliance with JCQ regulations.

Issue of certificates

Worthgate School will:

- obtain and maintain accurate candidate contact information to ensure the correct and secure despatch of certificates (GR 5.14)
- distribute certificates to all candidates without delay and regardless of any disputes (GR 5.14)
- Retain certificates on candidates request as their home country is not safe.
- keep a record of the certificates that are issued (GR 5.14)
- return any certificates requested by the awarding bodies as certificates always remain the property of the awarding bodies (GR 5.14)

The receipt of certificates from awarding bodies and arrangements for the issue of certificates to candidates is managed by Suzanne Collins Exams Officer School Student Comms Team.

Arrangements for the issue of certificates

As candidates are from a wide range of countries and return home at the end of their course, most certificates are posted to the student's home address. If the student returns to Worthgate, then students can collect their certificate and sign for them. If students' home country is not safe, then the centre retains the certificate in the secure storage. Certificates are archived for those students. Certificates that are posted, are scanned to retain an electronic copy of the certificate in case the postal system loses the original.

Candidates are informed of the arrangements for the issue of certificates as follows:

- Students are informed during PT time and via email from Suzanne Collins the Exams Officer. The Student Comms team are also available to explain the process to the students.

Where unable to claim/collect certificates under the normal arrangements

Please see above in 'arrangements for the issue of certificates'.

Record of issued certificates

A new system to log certificates has been set up in Unit-e. Students can sign for the certificates if they are still in school. This is also logged on Unit-e.

Retention of certificates

Worthgate School will:

- retain all unclaimed certificates under secure conditions for a minimum of 12 months from the date of issue (GR 5.14)
- any unclaimed certificates are archived, due to the delicate nature of some of the students home countries
- destroy certificates in a confidential manner or may return them to the respective awarding body (GR 5.14)
- retain a record of certificates that have been destroyed for four years from their date of destruction (GR 5.14)
- (where applicable) inform candidates that some awarding bodies do not offer a replacement certificate service and in such circumstances the awarding body will issue a Certifying Statement of Results which will provide an accurate and complete record of results for all qualifications covered by the original certificate (GR 5.14)

The retention of unclaimed or uncollected certificates is managed by Suzanne Collins Exams Officer.

Retention policy

The retention time for some students' certificates is longer than UK recommendations as some students are unable to collect them and do not think their postal service is safe. Archived certificates are logged so if there is a claim later that usual for the original document, this can be sent to the candidate.
